

Glass Art Science Forum and Booking Form 2006

Privacy Policy

The ESG Conference is being hosted by the Society of Glass Technology and supported by Sunderland City Council.

This privacy policy is in relation to the Glass Art Science Forum 2006 and the Conference Booking Form. The privacy policy for Sunderland City Council can be viewed at www.sunderland.gov.uk

The Glass Art Science Forum is committed to protecting your online privacy whilst providing you with a useful, informative and practical forum experience.

In order to take part in the forum you will need to email your question to the Forum Manager. The only personal information that the Forum Manager will receive will be your email address. It is not essential but would be appreciated if you could also provide your name and telephone number. All of this information will be treated with strict confidentiality and not revealed to third parties unless you require us to do so. All forum questions will be posted onto the site anonymously.

The only time we will use your name or contact details will be to alert you that a response to your question has been posted on line or to request further information on the initial question you submitted. We have appropriate measures in place to protect against the loss, misuse or alteration of all information that we have collected.

Once your question has been suitably answered and the responses posted on the forum, we will remove your details from our records.

The information asked for on the Booking Form will be used only to register you as a delegate, to provide you with updates about the Conference and to forward printed Programme, and to forward Abstract Papers, Plenarys and Presentations after the event.

We believe strongly in protecting the privacy of any personal information you share with us and wish you a pleasant experience at the Forum or Conference.
